Draft Permit for Industrial  
Sewer User  
M.G.L. Ch 21, Section 43  
314 CMR 7.00 and 2.06  
Transmittal No. W901320

Dear Mr. Maggiani:

The Department of Environmental Protection, Bureau of Waste Prevention, has reviewed your revised permit renewal application, Transmittal Number W901320, dated January 21, 2008, to discharge industrial and sanitary wastewater from your facility located at the above address.

Based on the information provided, the Department is issuing to you the enclosed Draft Permit for Industrial Sewer User. Please note that the Department elected not to include in the permit the conditions of Attachment "A" of your sewer extension permit, Transmittal Number W027308, which you requested to be included by your letter of November 15, 2007 and this application. Those conditions will be addressed under separate cover. The Department did add other Special Conditions to this Draft Permit in the Attachment, which are part of the permit.

Pursuant to 314 CMR 2.00, this Draft Permit is subject to a thirty-day (30) public comment period. Please have the attached Public Notice published in a newspaper of general circulation in the municipality where the project is located. It is the applicant's responsibility to forward proof of publication to the attention of John F. Kronopolus, Section Chief, Bureau of Waste Prevention, at the address shown on this letterhead. Please do so within seven (7) days of the date of publication to avoid delays in processing your application.

The thirty-day (30) public comment period will commence with the date of publication of the Public Notice.
